Dear Sir I feel

I fully hoped that your Nabe would, before  
 this time have been upon its passage <sup>ss</sup> to me, but I am sorry  
 to learn from Mr. <sup>Warral.</sup> Warral that it was not completed  
 when he wrote. — Mr. Millington writes me that you  
 promised him it should be completed in two months  
 I trust that nothing will prevent this being the case  
 as I am extremely impatient to receive this delightful  
 remembrance of your talents, & I doubt not but that I may  
<sup>rely</sup> upon your finishing it so as to be worthy of your  
 fame & I hope ~~to~~ not a little to add to it in this  
 Country — <sup>Peace?</sup> I heartily congratulate you on the  
 return of Peace, & also on the return to their native  
 Country of all your divine works of Antiquity. I hope  
 I shall some time or other see them again when  
 they <sup>now</sup> are & I assure you it will be no small  
 additional inducement <sup>to me,</sup> to pay another visit to  
 your Study — wishing you all possible success

I remain Dear Sir faithfully Yrs

Jam<sup>s</sup> Roddington
