The Marchioness of Hastings presents
her compliments to Count de
Chevalier Thorvaldson - & begs to
know at what hour either today
tomorrow or Saturday her son
would be most likely to find the
Chevalier unengaged. - Lady Hastings
would have made this request
earlier but the indisposition of

a friend to whom she had given
 a message to Mr. Thorswaldson
 her own illness has prevented
 the enquiries which she has now
 requested her son to be the bearer
 of. — Lady Hastings has two objects in
 view to ask Mr. Thorswaldson if
 he would undertake a Bust from
 a Bust of extraordinary merit as a
 likeness executed at Malta &
 to solicit his opinion relative
 to a proper Design for a plain
 Monument which at a future
 Day she & her family are very

anxious to have executed on
 the Bastion S. Giovanni at Malta
