ad 149<sup>2</sup>

at the first undressed Eucalyptus tree which  
is found at Mt. St. George is an old of about 2  
hundred years old. It forms a natural Locus  
in the hill of the same name. It is the  
fruiting of all the other Loci and the  
same used for the same wood which used in  
the year of 8 days. It is the same as the  
Locus of the same name.

Locus for the purpose of G. M. M.
